• Shopfitting • Bespoke Joinery Manufacture • Retail High Street • Commercial Office • Refurbishment • Food & Hospitality

Simply a harder working joinery and construction company

Projects

We're different. We have to be. We know that when it comes to retail, commercial, manufactured joinery and construction, there's tough competition for your business. We pay the closest attention to every detail of our service from design to completion to ensure you are totally satisfied. We care about our clients and are privileged to receive any opportunity. Attention to detail with a right first-time approach is a key driver to NRS and a clients individual design and branding is one of our specialities.

Our reputation is paramount. We provide a service that is trusted to be on time and on budget, but above all reliable, because after all we want you to recommend us to your colleagues and business associates.

This is an in house "all trades" service at a higher level. An affordable level that you'll only find at NRS. It doesn't take a lot to discover how affordable this quality is. Just a phone call.

- Health & Education
- Sports & Leisure
- Residential

NRS

Nationwide Retail Solutions

Welcome to Nationwide Retail Solutions

Our business was set up in 2006 and has thrived year on year due to our CAN DO approach in fulfilling our clients aspirations to deliver snag free projects.

Our team consists of a wide range of skills, we carry in house trades for all disciplines supported by a fleet of tracked vehicles, so we can react in an instant if required.

We believe that Customer Service is King, we operate a very proactive, hands on approach from MD to Van driver with availability 24/7 'Whatever it takes to get the job done' is our motto and this personal service sets us head and shoulders above our competition.

Excellent communication and cross-team relationships are two critical areas which NRS focuses on as a key driver, from project inception to completion we aim to fully manage all client expectations.

We have very close ties and work in partnership with a number of Architects, Structural Engineers and M&E Contractors, this ensures you will receive a preferential service and benefit from preferred rates.

We believe it worthy of note, the majority of projects and activities we have carried out to date have been in live environments - this makes our teams fully aware of 'soft management skills' housekeeping and effective communication, this we believe will be key in the delivery of any schemes.

High St Retail

We have recently carried out some prestigious schemes including Hugo Boss new store in Chester along with a number of pop up concessions in large department stores.

Commercial Office

We have a vast experience completing office refurbishments and Fit Outs across the UK. We can supply and manage all trades and suppliers within a project along with programming important weekend staff churns to suit client's requirements. Pictured here are some examples. A bespoke counter as part of the reception area of No 1 Tithebarn Street Liverpool and Price Waterhouse Cooper Manchester Office Fit out on 6 floors in a live environment.

Food & Hospitality

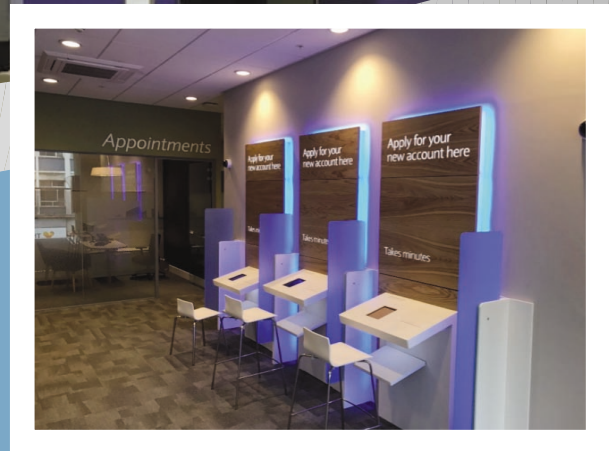

From Restaurants to Wine Bars, Pubs, Clubs, Hotels, Bespoke Bars and Back Fittings, along with both Fixed and Loose Seating, Metalwork, Timber, Upholstery, Ceramics, Decoration, the Full Fit out including Design, we provide everything as a One Stop Shop.

Retail Banking

We have a vast experience working in the Retail Banking field, we have worked and delivered projects for Barclays, RBS, Nat West, HSBC, Lloyds, TSB and Nationwide, ranging from full multi-floor Flagship Branches to Refreshes, ATM installations, DDA upgrades and Closures, covering all activities, from flooring, ceramics, partitions and ceilings, plastering and decorations to full demolition and builders work along with supplying the Site and Project Management Team.

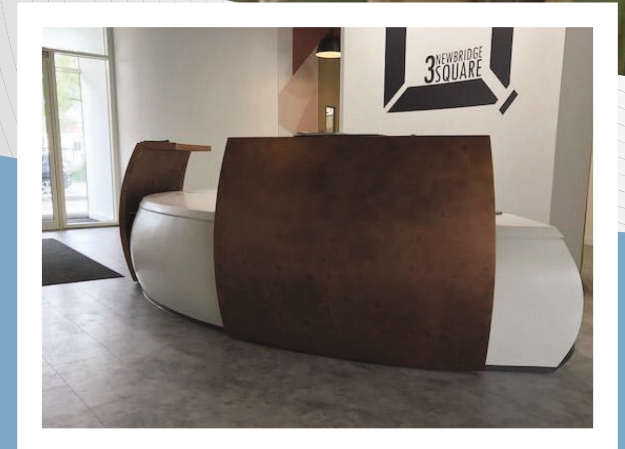

Joinery Manufacture

We are one of the few companies on the market offering a true in house bespoke joinery service, within our 6500ft on site joinery workshop facility, we have experience of using off-site manufacturing techniques to improve the speed of delivery and on-site efficiencies.

We can produce high quality bespoke joinery items using the latest machinery along with mock ups and samples if required.

We have a tremendous reputation among designers and architects, using high quality materials, craftsmanship, coupled to close attention to detail resulting in a high level of repeat business.

We can supply, deliver and install anything from reception desks, workstations, storage, seating, conference suites and specialist or multi use items through to bespoke designs which are custom built to fit. We provide a full spray shop facility allowing our customers to have their bespoke furniture coloured to their design, this in turn alleviates any need for on site finishes.

Other Sectors

A selection of schemes that show the flexibility and diversity of projects that NRS can undertake. From an Apple store shop front glazing to a new build cricket club and every sector in between.

Committed to HSQE

Our commitment to Health & Safety is second to none. We have an enviable track record that we are proud of and strive to preserve, protection of your staff, the public and our personnel is a key driver to NRS.

We stand behind our NRS Health & Safety Policy Manual. This is regularly reviewed to ensure we are abreast of current legislation and is issued to all our staff, setting out our aims and objectives, policy statement, procedures and responsibilities.

A large focus is placed upon training our staff, communication, competencies, suitability and maintenance of equipment, specific, reviewed and communicated RAMS, with internally and externally audited inspections.

Customer Satisfaction

We have established a series of management processes to capture information with Post Contract Reviews and Customer Satisfaction / Feedback Reports.

We then apply the information gathered to continuously improve project quality and value.

Sustainability

We are extremely proactive in endeavouring to source sustainable materials and can offer alternatives for approval. The impact on the environment is very important to us at NRS. We care about our communities, our environment and our people.

Recently Completed Projects

Nationwide names that speak for themselves.
NRS ...the name to speak
to for Retail Solutions.

National Coverage

At Nationwide Retail Solutions we have a truly UK wide national coverage, from the tip of Scotland throughout the whole of England, Wales and Northern Ireland and extensively within the M25. Our head office is centrally located in Warrington, Cheshire on the M6 corridor.

Although the majority of our works are carried out by our in-house operatives, we have a support network of delivery partners. This supply chain gives us an essential support mechanism to our business and gives us the flexibility to increase workload at short notice to suit client requirements and cover the entire UK.

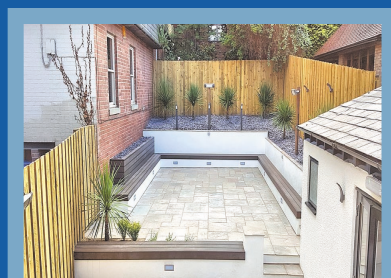

The right choice of an 'all trades' joinery company is not only important, it's everything. NRS make the choice easy!

The benefits are clear and simple:

- NRS** 6,500 sq. ft. on site joinery workshop facility
- NRS** Full spray shop facility for bespoke furniture branding
- NRS** Unrivalled off-site manufacturing techniques for ultimate speed of delivery and on-site efficiencies
- NRS** Call on our vast experience ☎ **01925 636704**

For further information, to arrange a free consultation or just have an informal chat, please contact us and we will be happy to help.
